

MACHINE WITHOUT HORSES

Royal Scottish Country Dance Society—Detroit Branch

Spring - Summer 2015

The annual Border Cities Workshop was held in Troy in March. The classes were very well attended and helpful, the food was tasty, and the evening dance capped everything off in style, especially since we had live music from Fred Moyes.

In the meantime, some of our members have been travelling to the mother country, and others are thinking of such trips, with dancing at some of the various Branches and affiliates. Carrie Carnes attended classes in Cheltenham, Gloucestershire, and went to the Cheltenham Branch Day School evening dance and also the end-of-season Gloucester dance.

And we are looking forward to our Anniversary Ball. Sue Boczek and Margaret Sarna are once again planning the ball, this one the 35th. If any other Branch members want to serve on the committee, let Sue or Margaret know. Meanwhile, jot down the date: Saturday, November 21st.
